3-day Joyful Child Facilitator Training in Sedona, AZ

Join us August 6, 7, 8, 2010

Inspired by the Book *The Joyful Child* by Pegi-Joy Jenkins, Ph.D.

Be a facilitator for Joyful Child classes or just expand you own knowledge of parenting and educating from the “Big Picture” perspective.

Nurturing Joy in Children and Ourselves

This training begins with the Philosophy of Joy, works through Behavioral Style Knowledge, Building Self Esteem, Joy of Creative Self-Expression, and Universal Laws and Principles and finally closes with the “Big Picture” consciousness of the Joy of Change and Selfless Service and the Power of Laughter and Play in learning.

Good parents are raised not born
